CardioTech GT 300 & CardioTech GT 350

EKG Machine

Expert Medical Care

The CardioTech GT-300 EKG Machine boasts exceptional cost performance with both accurate clinical performance as well as user-friendly design.

Built-in Thermal Recorder

USB Support

Barcode Scanner Support

Shortcut Keys

8-inch LCD Screen

**Alphanumeric Keyboard**

PDF, SCP, FDA-XML, DICOM

Features:

- On-board PDF Creator
- Alphanumeric Keyboard
- One-Touch Operation
- Built-In WiFi
- LCD Display
- Rechargeable Li-on Battery
- Printer
- Optional PC Software

One-Touch Operation

User Friendly Design

SmartECG Viewer

Measure   **Diagnose**   **Report**

Data Management

    100 ECG internal memory (can be enlarged by USB flash disk)
    Optional SmartECG viewer
    DATA transmitting to PC via LAN/WIFI
    PDF, SCP. FDA-XML and DICOM data export options
    Bi-directional data communication with DMS

Exceptional Clinical Performance

    Weak signal detection with 24 bits A/D converter technology
    Anti-noise technology with comprehensive filters
    High CMRR over 115dB
    120s Real-time ECG waveforms freezing and review
    Automatic measurements and interpretation tested by CSE/AHA/MIT database
    Extended printing when arrhythmia is detected
    Integrated advanced ECG analysis: Vector ECG

What's the difference?

The CardioTech GT-300 EKG and GT-350 EKG are suitable for clinics, hospitals, and offices. While the machines are very similar, the GT-350 does include a few enhanced features.

GT-300

    Short-cut keys only
    100 EKG memory

GT-350

    Touch screen and short-cut keys
    200 EKG memory
