

Veterinary Portable X-ray Generator

Safety within Touch

SIUI

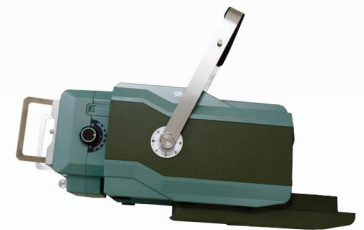

Eco-friendly and User-oriented

- Multi-level leak-proof design ensures high image quality with low power and low radiation intensity.
- Compact and splash proof design allows operation in different environment.
- More than 300 groups of preset parameters to facilitate exposure
- APP exposure control through WIFI

Battery power supply

- A full charge enables over **200 times** exposure at full power and over **400 times** at average power.
- Normal exposure is available even when the power is lower than 20%.

Detachable battery

Specifications

Generator mode	SR-8000S	SR-8100S	SR-8210S	SR-8230S
Power output	1.6kW	2kW	3.2kW	5kW
Tube voltage Range	40-90kV	40-100kV	40-125kV	40-125kV
Tube current Range	16-25mA	20-25mA	10-80mA	10-100mA
mAs adjustable range	0.32-50mAs	0.4-50mAs	0.4-200mAs	0.4-200mAs
Focus size	1.2mm	1.2mm	0.6/1.8mm	0.6/1.8mm

Optional Stands

Convenient maintenance & update

- Exclusive USB update function supports instant system update
- Different prompt codes indicate system status
