FOR THE
UNEXPECTED.**

McGRATH™ MAC Video Laryngoscope

Medtronic
Further. Together

A difficult airway doesn't have to be a difficult intubation.

You do your best to avoid airway complications. You know they can be associated with significant patient morbidity and unnecessary expense.¹⁻³ But sometimes they occur when you least expect them.^{4,5}

With the McGRATH™ MAC video laryngoscope, you can be better prepared for the unexpected.

Combining confidence with simplicity and convenience, it provides:

- Better glottic visualization than traditional Macintosh laryngoscopy⁶
- Reduced intubation times, even with limited training⁶
- Higher intubation success rates than other video laryngoscopes⁷

A FAMILIAR TECHNIQUE — EVOLVED

The McGRATH™ MAC video laryngoscope combines line-of-sight video from its portrait display with the familiar Macintosh technique. So you retain your traditional laryngoscopy skills.

SIMPLE AND VERSATILE

Single-button functionality and minute-by-minute battery indication. One handle with multiple blade options. From pediatric to adult patients and routine to extreme airways.⁸⁻¹⁰

ONE SYSTEM — ALWAYS AVAILABLE

The McGRATH™ MAC is a cost-effective video laryngoscope — so it's within reach for every intubation.

With disposable, sterile blades and flexible cleaning options, it's ready when you are.

ORDERING INFORMATION

SKU NO.	DESCRIPTION	QUANTITY
300-000-000	Handle	1
350-072-000	McGRATH™ MAC blade size 1	50/box
350-017-000	McGRATH™ MAC blade size 2	50/box
350-005-000	McGRATH™ MAC blade size 3	50/box
350-013-000	McGRATH™ MAC blade size 4	50/box
X3-003-000	McGRATH™ MAC X blade size 3	10/box
340-000-000	Battery pack, 250-minute	1

TECHNICAL SPECIFICATIONS

McGRATH™ MAC Handle

Size	180 mm x 68 mm x 110 mm
Weight	200 g
Power	3.6V lithium battery pack (c. 250 minutes)
Light source	High-intensity LED
Display	2.5" LCD color display
Camera	CMOS
Materials	Durable medical-grade thermoplastics with reinforced structural alloy core. The device and packaging are latex free.
Warranty	36 months

McGRATH™ MAC disposable blades

Material	Fog-free medical-grade optical polymer
Packaging	Packaged sterile for single use

For demonstrations and quotes, please contact your local representative.
